BULK BILLING

NO APPOINTMENT NEEDED FOR X-RAY

Patients Preparation for Scans

NECK / THYROID - No preparation

BREAST - No preparation

TESTICULAR - No preparation

PELVIC If you are having a gynaecological/Pelvic ultrasound a full bladder is required. Drink 4 glasses of water 1 hour prior to your ultrasound. There are no eating restrictions.

PREGNANCY Full Bladder. Drink 750ml of water 1 hour prior to appointment time.

PARTNERS AND CHILDREN - we acknowledge that your pregnancy ultrasound examination can be a special and important time of bonding between parents and their unborn child. We encourage your partner, or another chosen family member or friend to be present. Such an examination requires concentration by the person performing your scan, therefore, it is in your best interest not to bring young children to the examination.

RENAL / BLADDER

ADULTS: Full Bladder. Drink 750ml of water 1 hour prior to appointment time

CHILDREN UP TO 6 YEARS OF AGE: *No preparation

CHILDREN 6-12 YEARS: drink 2 large glasses of water 1 hour prior to examination

ABDOMINAL Fast for 6 hours.

VASCULAR / DOPPLER Arteries or Veins - no preparation
